

ci\_example\_cpp::Gains  
\_configuration

```
graph BT; A[ci_example_cpp::DefaultConfiguration] --> B[ci_example_cpp::Gains_configuration];
```

The diagram illustrates an inheritance relationship between two C++ classes. At the bottom is a box labeled 'ci\_example\_cpp::DefaultConfiguration'. A blue arrow points upwards from this box to a box above it labeled 'ci\_example\_cpp::Gains\_configuration'. This indicates that 'Gains\_configuration' inherits from 'DefaultConfiguration'.

ci\_example\_cpp::DefaultConfiguration
