

include/time_series
/interface.hpp

```
graph TD; A["include/time_series<br>/interface.hpp"] --> B["cstdint"]; A --> C["limits"];
```

The diagram illustrates a C++ header file's dependencies. A central box at the top represents the file 'include/time_series/interface.hpp'. Two blue arrows originate from the bottom of this box, pointing downwards to two separate boxes. The left box is labeled 'cstdint' and the right box is labeled 'limits', indicating that the interface.hpp file includes these two standard library headers.

cstdint

limits
