

```
shared_memory::internal  
::array_members< T, SIZE >
```

A diagram illustrating a relationship between two C++ classes. A light gray box at the bottom contains the code `shared_memory::array< T, SIZE >`. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white box above it. The white box contains the code `shared_memory::internal::array_members< T, SIZE >`. This visualizes that `shared_memory::array` inherits from or is a specialization of `shared_memory::internal::array_members`.

```
shared_memory::array  
< T, SIZE >
```
