

include/real\_time\_tools  
/thread.hpp

```
graph TD; A["include/real_time_tools<br>/thread.hpp"] --> B[functional]; A --> C[memory]; A --> D[string]; A --> E[vector];
```

The diagram illustrates a C++ header file, `include/real_time_tools/thread.hpp`, which includes four other headers: `functional`, `memory`, `string`, and `vector`. The header file is represented by a gray box at the top, and the included headers are represented by white boxes at the bottom. Four blue arrows point from the header file box to each of the included header boxes.

functional

memory

string

vector
